

## MASSACHUSETTS

**The Infrastructure Investment and Jobs Act (IIJA) provides significant new funding to improve the condition of Massachusetts' infrastructure systems and better ensure our infrastructure is prepared for the future.**

**AVIATION:** Massachusetts is home to 9 major airports that will benefit from the \$25 billion in increased airport infrastructure funding provided over 5 years from the BIB.<sup>65</sup>

**BRIDGES:** 9% of Massachusetts's bridges are in poor condition and considered structurally deficient. The BIB provides \$40 billion in new funding for bridge repair, replacement, and rehabilitation – the single largest dedicated bridge investment in over 50 years.<sup>66</sup>

**ROADS:** Massachusetts approved a \$16 billion funding bill this year to authorize MassDOT and MBTA projects. The IIJA would provide \$5.3 billion in additional funding to the state over the next 5 years to support these and future roadway modernization projects.<sup>67</sup>

**PORTS AND INLAND WATERWAYS:** Massachusetts is home to 1 major water port and 90 miles of inland waterways that will benefit from \$17 billion in new infrastructure funding over 5 years from the BIB.<sup>68</sup>

**WASTEWATER:** Since 2016, Massachusetts has received, on average, \$53 million annually to finance wastewater projects through the Clean Water State Revolving Fund Program. With IIJA funding, the state is set to receive roughly double that for the next 5 years.<sup>69</sup>

**DRINKING WATER:** Massachusetts reports a \$12.2 billion drinking water investment gap. The BIB provides \$55 billion to upgrade the nation's water infrastructure.<sup>70</sup>

**DAMS:** Massachusetts has 328 high hazard potential dams. The BIB provides \$585 million for high hazard dam rehabilitation and \$148 million for dam safety programs.<sup>71</sup>
