

## NEVADA

In the most recent *ASCE Report Card for Nevada's Infrastructure*, [the state earned a cumulative grade of a "C."](#) The Infrastructure Investment and Jobs Act (IIJA) provides significant new funding to improve the condition of Nevada's infrastructure systems and better ensure our infrastructure is prepared for the future.

**AVIATION:** Nevada is home to 4 major airports that will benefit from the \$25 billion in increased airport infrastructure funding provided over 5 years from the BIB.<sup>99</sup>

**BRIDGES:** Just over 1% of Nevada's bridges are in poor condition and considered structurally deficient. The BIB provides \$40 billion in new funding for bridge repair, replacement, and rehabilitation – the single largest dedicated bridge investment in over 50 years.<sup>100</sup>

**ROADS:** There was a \$450 million backlog in roads and bridges repairs in Nevada in 2018. The IIJA would provide Nevada with \$2.7 billion in additional funding over the next 5 years.<sup>101</sup>

**WASTEWATER:** Since 2016, Nevada has received, on average, \$6 million annually to finance wastewater projects through the Clean Water State Revolving Fund Program. With IIJA funding, the state is set to receive roughly double that for the next 5 years.<sup>102</sup>

**DRINKING WATER:** Nevada reports a \$5.3 billion drinking water investment gap. The BIB provides \$55 billion to upgrade the nation's water infrastructure.<sup>103</sup>

**DAMS:** Nevada has 156 high hazard potential dams. The BIB provides \$585 million for high hazard dam rehabilitation and \$148 million for dam safety programs.<sup>104</sup>
