

## OKLAHOMA

**The Infrastructure Investment and Jobs Act (IIJA) provides significant new funding to improve the condition of Oklahoma's infrastructure systems and better ensure our infrastructure is prepared for the future.**

**AVIATION:** Oklahoma is home to 4 major airports that will benefit from the \$25 billion in increased airport infrastructure funding provided over 5 years from the BIB.<sup>124</sup>

**BRIDGES:** Over 10.2% of Oklahoma's bridges are in poor condition and considered structurally deficient. The BIB provides \$40 billion in new funding for bridge repair, replacement, and rehabilitation – the single largest dedicated bridge investment in over 50 years.<sup>125</sup>

**ROADS:** Oklahoma's DOT estimates a \$7.1 billion funding gap by 2045. The IIJA would provide \$4.7 billion in additional funding to Oklahoma over the next 5 years, significantly decreasing the long-term funding shortfall.<sup>126</sup>

**PORTS AND INLAND WATERWAYS:** Oklahoma is home to 1 major water port and 150 miles of inland waterways that will benefit from \$17 billion in new infrastructure funding over 5 years from the BIB.<sup>127</sup>

**WASTEWATER:** Since 2016, Oklahoma has received, on average, \$44 million annually to finance wastewater projects through the Clean Water State Revolving Fund Program. With IIJA funding, the state is set to receive roughly double that for the next 5 years.<sup>128</sup>

**DRINKING WATER:** Oklahoma reports a \$6.9 billion drinking water investment gap. The BIB provides \$55 billion to upgrade the nation's water infrastructure.<sup>129</sup>

**DAMS:** Oklahoma has 449 high hazard potential dams. The BIB provides \$585 million for high hazard dam rehabilitation and \$148 million for dam safety programs.<sup>130</sup>
