DELAWARE INFRASTRUCTURE FACTS

IIJA Funded Projects

Edgemoor Container Terminal – Container Yard Project:

This \$50 million award will construct a container yard at the Port of Wilmington featuring all-electric operations, a modern truck gate complex, and new terminal buildings, resulting in improved efficiency, sustainability, and expanded capacity for port operations.

Delaware Coastal Storm Risk Management:

This \$21 million award will build and maintain sand dunes and berms along Delaware’s coastline to buffer storm surges and prevent flooding, resulting in stronger coastal protection and improved resilience for vulnerable communities.

Delaware Transit Electric Bus Charging:

This \$11 million award will install electric bus charging stations to support the transition to electric buses, resulting in reduced emissions and improved air quality for Delaware communities.

As of January 2025,

\$2.1 billion

has been distributed across Delaware from the Infrastructure Investment and Jobs Act, funding

288 projects.

Infrastructure At A Glance

\$3.2 billion

Amount in damages from \$1B+ disaster events experienced since 1980

\$5.3 billion

in wastewater needs

874

bridges: 1% of which were structurally deficient in 2025

2

miles of levees protect 385 residents

9 million

passenger trips across 2 systems

57

high-hazard dams

35% of roads are in poor or fair condition

Each motorist pays \$565 driving on roads in need of repair, and every resident loses \$1,660 to crashes

\$4.8 billion

Total drinking water need
