

2026

# MASSACHUSETTS INFRASTRUCTURE FACTS

## IIJA Funded Projects

### Sagamore Bridge Replacement:

This \$1.4 billion award will replace the nearly 90-year-old Sagamore Bridge, resulting in improved structural integrity, increased seismic resilience, and continued reliable access to Cape Cod.

### Roxbury Transportation Corridor:

This \$20 million award will reconstruct and upgrade three corridors in Boston's Roxbury neighborhood and build a dedicated bus corridor, resulting in safer streets, improved active transportation options, and affordable transit access, while leveraging sensors and data technologies to enhance corridor performance.

### Electric Bus Acquisition:

This \$116 million award will purchase new electric buses to replace older diesel models and launch a workforce development program, resulting in cleaner transit, reduced emissions, and improved training and safety for operators.

As of January 2025,

# \$11.1 billion

has been distributed across Massachusetts from the Infrastructure Investment and Jobs Act, funding

# 792 projects.

## Infrastructure At A Glance

### \$11.1 billion

Amount in damages from \$1B+ disaster events experienced since 1980

### \$38.3 billion

in wastewater needs

### 5,311

bridges: 9% of which were structurally deficient in 2025

### 52

miles of levees protect 73,200 residents

### 284.1 million

passenger trips across 24 systems

### 336

high-hazard dams

### 49% of roads are in poor or fair condition

Each motorist pays \$776 driving on roads in need of repair, and every resident loses \$1,401 to crashes

### \$37.2 billion

Total drinking water need

Produced in December 2025, but data years vary.
