

2026

OKLAHOMA INFRASTRUCTURE FACTS

IIJA Funded Projects

Multimodal I-44 & US-75 Interchange Improvements:

This \$85 million award will upgrade the I-44 & US-75 interchange and add pedestrian and bicycle infrastructure, resulting in reduced congestion, improved travel times, and saving up to 1,200 hours of vehicle delays daily.

McClellan-Kerr Arkansas River Navigation System:

This \$202 million award will fund critical maintenance to ensure continued operability of the 445-mile MKARNS waterway in Oklahoma and Arkansas, resulting in sustained transport of over 10 million tons of cargo annually and strengthened regional supply chains.

Roosevelt Memorial Bridge Replacement:

This \$124 million award will replace the 1942 Roosevelt Memorial Bridge carrying US-70 over Lake Texoma, resulting in improved efficiency and reliability for people and freight movement, increased resiliency to flooding, and enhanced safety through a new pedestrian and bicycle crossing.

As of January 2025,
\$8.3 billion
 has been distributed across Oklahoma from the Infrastructure Investment and Jobs Act, funding
1,339 projects.

Infrastructure At A Glance

\$45.5 billion

Amount in damages from \$1B+ disaster events experienced since 1980

\$18.6 billion

in wastewater needs

22,926

bridges: 8% of which were structurally deficient in 2025

97

miles of levees protect 19,100 residents

8.5 million

passenger trips across 36 systems

445

high-hazard dams

48% of roads are in poor or fair condition

Each motorist pays \$925 driving on roads in need of repair, and every resident loses \$1,029 to crashes

\$23.1 billion

Total drinking water need

Produced in December 2025, but data years vary.
